DETAILED ACTION

Receipt Acknowledgement

1. Receipt is acknowledged of the request filed on 13th of October 2005 for a request for continued examination (RCE) under 37 CFR 1.114 based on the application No. 10/098550, which the request is acceptable and an RCE has been established. Currently, claims 1, 3, 5-7, 9, 11-14, 16-18 are pending in this application.

Allowable Subject Matter

2. Applicant's amendment filed on 10/13/05 have been fully considered and are persuasive.

3. The following is an examiner's statement of reasons for allowance:

As per independent claim 1, Applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest an LPC host controller including an address register for storing a target address, said LPC host controller being operable to initiate concurrently a first bus access cycle on said first LPC bus and a second bus access cycle on said second LPC bus in combination with other limitations as recited in independent claim and further in view of the specification and applicant's arguments.

As per independent claim 5, Applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest initiating a second bus access cycle on said second LPC bus by said LPC host controller concurrently while said first LPC bus is in said wait state in combination with other limitations as

recited in independent claim and further in view of the specification and applicant's arguments.

As per independent claim 11, Applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest an LPC host controller including an address register operable to persistently store said target address, said LPC host controller being operable to initiate a data transfer cycle on said LPC bus in combination with other limitations as recited in independent claim and further in view of the specification and applicant's arguments.

As per independent claim 13, Applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest providing an LPC master device with an address register operable to store a target address persistently over at least two bus access cycles on an LPC bus in combination with other limitations as recited in independent claim and further in view of the specification and applicant's arguments.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
